Are you thinking about listing your property?

A Home Warranty can protect you during the listing process as well as the buyer once they take over the property. Hi! I'm Missy Yost with Yost Group Properties. A home warranty goes beyond protecting a buyer once they take over, it protects you right now should a major element go out in your home prior to selling it. HVAC goes out? You'll pay a nominal fee if it's covered by your warranty company. Refrigerator, stove, any major appliance is usually covered. If you'd like more information on how home warranties work, connect with me! Missy Yost, Yost Group Properties, "Where you'll get the Most with Yost".
