

Staging (Transcription)

Are you thinking of selling?

To stage or to not stage a home is a very common question. Hi! I'm Missy Yost with Yost Group Properties. Did you know that homes that are staged sell for as much as 6% more than a home that isn't staged? But, sometimes staging is really not cost efficient. It depends on the home and it's price point. A lot of my clients are moving towards virtual staging which allows you to use a professional photographer to come in and take a photograph of the space and then virtually place furniture in that space so that buyers can visualize what the space would look like. For information on staging, connect with me! Missy Yost, Yost Group Properties, "Where you'll get the Most with Yost".
